Short Description
With matching trailer.

Description
The 2026 MasterCraft NXT24 is designed for families and crews who want a big, capable wake boat with the polish of a premium brand and the easy-going confidence needed for long days on the water. As the largest model in the NXT line, it offers generous seating, practical storage and the kind of roomy layout that makes it just as suitable for relaxed cruising as it is for wakeboarding and wakesurfing sessions. Picture an early morning set on glassy water, the crew settling in comfortably, boards tucked away neatly, and the boat delivering the clean, powerful wake MasterCraft is known for. With modern helm technology, customisable wave settings and a stylish finish throughout, the NXT24 brings together performance and comfort in a way that feels approachable yet high-end. For buyers looking for a versatile 2026 towboat with space for friends, family and plenty of fun, the MasterCraft NXT24 is a standout choice worth a closer look.
