Price: \$0.00

Short Description

This Mastercraft XT22 has a matching trailer and an Ilmor 5.3L GDI Engine.

Description

The 2027 MasterCraft XT22 is designed for boaters who want a confident mix of luxury, performance and all-day fun on the water, making it a standout choice for wakeboarding, wakesurfing and relaxed cruising alike. As part of MasterCraft's popular XT range, the XT22 is expected to continue the model's reputation for delivering clean, customisable wakes, a spacious cockpit layout and the kind of premium finish that makes every outing feel special. Picture an early morning set on glassy water, friends settling into plush seating, boards ready in the racks and the helm offering intuitive control over speed, ballast and surf settings; that is the kind of experience the MasterCraft XT22 is built to support. Its 22-foot size offers a smart balance between maneuverability and passenger comfort, making it practical for family days, serious riding sessions and entertaining on the lake. For buyers comparing premium towboats, the 2027 MasterCraft XT22 should appeal to those looking for strong watersports capability, refined styling, modern technology and a versatile platform that feels just as enjoyable at anchor as it does carving a perfect surf wave.
