Short Description

With Yamaha F70LB with Ez Loader Trailer

Description

The 2027 Hewescraft Open Fisherman 180 is designed for anglers who want a tough, open-layout aluminium boat that feels ready for early starts, changing weather and long sessions on inland or coastal waters. Picture launching at first light, rods organized, gear easy to reach and the deck clear enough for friends or family to move around comfortably while chasing cod, bass, trout or salmon; that is the appeal of this dependable fishing platform.

- **Open fishing layout:** Ideal for casting, trolling and working around the boat without feeling boxed in.
- **Durable aluminium construction:** Built for boaters who value strength, low maintenance and long-term practicality.
- **Versatile 18-foot class size:** Large enough for confident fishing trips, yet manageable for towing, launching and storage.
- **Angler-focused usability:** A smart choice for those who want space for tackle, coolers, safety kit and multiple fishing styles.
- **Family-friendly potential:** Comfortable enough for relaxed cruising when the rods are packed away and the day calls for simple fun on the water.
