Short Description
Twin Yamaha F200 Outboards

Description
Built for the Bold. Designed for the Deep.

When the open water calls, the Weldcraft 260 Cuddy King answers with power, precision, and fearless spirit. This isn’t just a fishing boat—it’s your launchpad to adventure.

With its aggressive upswept bow and forward-raked windows, the 260 Cuddy King is built to slice through rough seas and keep you dry and in control. The fully enclosed hardtop offers all-weather protection, while the insulated below-deck fish box ensures your catch stays fresh no matter how far you roam.

Step inside the cabin and discover a space made for explorers—ample storage, smart design, and a spacious cuddy outfitted with plush cushions and ambient lighting. Whether you're chasing salmon at sunrise or anchoring under the stars, comfort is always part of the journey.

Every trip becomes a story. Every wave, a thrill.
The Weldcraft 260 Cuddy King isn’t just a vessel—it’s your ticket to unforgettable days on the water.

This 260 Cuddy King comes with twin Yamaha F200 Outboard engines and a diesel

heater as well as heated front seats.
